

NEWS FEOM THE NORTHEAST

As we are still trying to get out of the grips of winter, camper applications are beginning to come in for the 2018 season at Camp NEOFA. Some of these campers need our help.

Each year we get requests from parents who cannot afford the entire cost of a week of camp for their children. As the economy seems to be unsteady, so are these needs.

The Northeast has a Campership Fund, whose only purpose is to supplement fees so that well deserving campers can enjoy the experience of a week of wilderness camping. This is where you come in.

Can you or your lodge afford to send a donation to the Campership Fund, to be used only for the purpose of helping deserving kids attend camp? A week of camp costs \$325 this year, but any amount will be greatly appreciated. Thanks in advance for any help you can give these kids.
